## ORGANIZATION TO BEGIN FIGHT ON WHITE PLAGUE

Bourbon County Health and  
Welfare League to Take  
Up Work

## LEAGUE TO EMPLOY AN ACTIVE NURSE

Meeting Yesterday Results In  
Organization to Promote  
Healthful Condition

With the view of providing a nurse to visit the poor and sick of this city and to investigate the cases of tuberculosis which may exist, devise means by which the situation can be controlled, the Bourbon County Health and Welfare League was organized in this city yesterday afternoon.

The organization was established at the instance of the State Tuberculosis Association, which for the past several weeks has had a visiting nurse in this city looking over the situation, and is headed by some of the most spirited women of the community.

The meeting, which was held at the Public Library yesterday afternoon was well attended and much enthusiasm was manifested throughout. All the churches and clubs of the city were represented and matters pertaining to the work of the organization were freely discussed.

Miss Hunt, who at the instance of the club women of Paris, was sent here by the State Tuberculosis Association, was present at the meeting and took an important part. She told of the needs in carrying on such work in the city and gave much valuable advice along the lines hitherto proposed for the carrying on of the war against tuberculosis.

Miss Lucy Simms, who has displayed a great civic interest and who was instrumental in securing the visiting nurse for Paris, was elected President of the new organization. Mrs. W. O. Hinton, Vice President; Mrs. Denis Dandon, Secretary, and Mrs. Walter Clark, Treasurer. An advisory board consisting of one member from each of the religious denominations of this city and five from the city at large will be chosen at a later meeting.

Those interested in this movement are of the opinion that the Health and Welfare League will be of great benefit to the condition of the city from a healthful standpoint and the work which has already begun will be pushed with much vigor looking to a better and more healthful Paris.

## PETITION FILED IN DIVORCE SUIT

Mrs. Anna S. Hopkins Asks  
For Decree Against Henry  
T. Hopkins

Through her attorney, Judge Denis Dandon, Mrs. Annie S. Hopkins, of Bath County, filed suit in the Bourbon Circuit Court Wednesday for a divorce from her husband, Henry T. Hopkins, also of Bath County. In her petition the plaintiff states that they were married in Lexington on October 10, 1910, and alleges that during the years intervening, the defendant has by reckless living and disregard, squandered a large portion of her estate. The amount it is alleged is in the neighborhood of \$20,000.

Further the plaintiff alleges in her petition that during her married life she has been subject to the most inhuman treatment at the hands of her husband and at various times he has disposed of much of her personal property and converted the money to his own use without her consent.

The plaintiff prays for an absolute divorce and asks that the court revert to her hands such property as the defendant may possess as rightfully belongs to her.

Mrs. Hopkins, who is the daughter of the late Mr. Walter Sharp, a prominent citizen of Sharpsburg, Bath County, was a former resident of Bourbon, and Mr. Hopkins, who is also of Bourbon, is prominently connected. The proceedings will come up before Judge R. L. Stout in the Bourbon Circuit Court at the March term.

## NEGRO GIVEN HEAVY FINE FOR STRIKING WATCHMAN.

Wes Moore, a negro, was fined \$17.50 and given ten days in jail by Judge E. B. January in Police Court yesterday afternoon. He was charged with a breach of the peace. Moore, it is alleged, assaulted James Burke, a watchman, at the Louisville & Nashville passenger station.

## AGENTS NOTIFIED NOT TO CANCEL OR REWRITE RISKS

Local Insurance Agents Receive Instructions to Hold  
Off A While

## INSURANCE BILL CAUSE OF ACTION

Companies Out to Beat Glenn  
Measure Or Quit the  
State

Local insurance agents Wednesday received telegrams from their several companies notifying them not to cancel any risks and rewrite them for a longer term. The instructions were sent out by general agents, who learned, it is said, that some of the Kentucky agents were affording insurers extended protection by cancelling outstanding policies and rewriting them under the renewal clause for the longest possible time.

Other insurance companies have instructed their agents not to write any more insurance for them in case the Glenn rating bill becomes a law. Two telegrams received which are similar to all the others are as follows:

"We beg to advise that the cancellation of policies for purposes of re-writing will not be permitted except on usual short rate basis. The effective way for your clients to protect their interests and the credit of the States is to defeat Senate Bill 109."

And another:  
"Pro rated cancellations will not be allowed on any policies rewritten."

Practically all of the insurance agents of this city have received notices to this effect.

The Glenn Bill, which has already passed the House by a vote of 62 to 25, would give the State Board the power to fix rates for all risks in the State. The insurance companies are making a determined fight on the bill, and are threatening to withdraw in a body if the bill becomes a law.

Senator J. Will Clay, of this Senatorial district, was flooded with telegrams from this city Wednesday, urging him to exert every effort to have the bill pending before the Upper House defeated.

## Fight to the Finish.

FRANKFORT, Feb. 19.—Rumors of a possible compromise between the supporters of the bill seeking to enlarge the powers of the State Insurance Board, whereby it may fix fire insurance rates in Kentucky, and the heads of insurance companies opposing the measure, were scouted by Ruby Laffoon, chairman of the Board, and one of the chief champions of the pending bill. He declared that the fight is a finish one, and that in all probability it will be terminated on the floor of the Senate chamber tomorrow, when the bill will come up in that branch of the General Assembly as a special order of business.

## Order is General.

CHICAGO, Feb. 19.—Ever since the business men of Kentucky have awakened to the fact that the insurance companies probably will suspend business in the State if the bill increases the powers of the States Insurance Board becomes a law, they have been flooding the insurance companies with requests for cancellation of their present insurance for the purpose of renewing it for the longest term possible.

This has imposed a great burden upon the companies and also has a tactical effect in that a business man with his insurance taken care of for the longest possible period would not have the same interest in opposing a dangerous law.

In consequence a meeting of company managers having jurisdiction in Kentucky was held Tuesday in Chicago, at which it was decided to send the following telegram to their agents in 15 of the largest cities and towns in Kentucky.

"Cancellation of policies for purpose of renewing will not be permitted, except on usual short-rate basis. The effective way for your clients to protect their interests and the credit of the State is to defeat Senate Bill 109."

A circular to the same effect will be sent at once to all the agents outside the larger towns.

## AVERAGE OF \$11.45 MADE ON LOCAL MARKET THURSDAY

At the Bourbon Tobacco Warehouse yesterday a total of 52,985 pounds of tobacco were sold for \$6,071.43, an average of \$11.45 per hundred pounds. The best average of the day was made on the crop of 17,005 pounds belonging to the firm of Brent & Burke, which sold for \$15.09.

The Bourbon Warehouse will hold another sale Saturday and the sales will continue thereafter as the delivery warrant until the close of the season.

## WOMAN SUFFRAGE MEETS DEFEAT IN LOWER HOUSE

Motion to Make Miller Measure  
Special Order for  
Tuesday Lost

## FORTY-TWO FOR MOTION THAT LOST

Eleven New Measures Are  
Offered Before House  
Yesterday

FRANKFORT, KY., Feb. 19.—Woman suffrage met its first real defeat today when the House failed to sustain a motion by Representative Miller, of Paducah, that his bill giving to women the right to vote the same as men be made a special order of business for next Tuesday. But forty-two Representatives were of the motion.

Eleven new measures were offered when the House convened this morning.

Senator Arnett introduced a measure for a more efficient supervision of mines and for the appointment of two additional mine inspectors.

The Committee on Revenue and Taxation reported favorably a substitute for Speer's Senate Bill, regarding appropriations to State institutions. The substitute provided payment only on proved vouchers, containing an itemized account of monthly expenses.

At the Wednesday afternoon session of the Senate, Senator Robertson's bill, forbidding the running at large of domestic rowls in cities of first class, was taken up and passed by a vote of 27 to 5. Several amendments were voted down.

The Senate passed the anti-Cigarette bill by a vote of 24 to 4. The bill makes smoking cigarettes by boys under eighteen a misdemeanor.

## Hutchcraft Bill Passed.

One of the most important measures to be put upon its passage was the bill of Representative Reuben Hutchcraft providing for the establishment of the uniform system of accounting in all State offices. It was passed by a vote of 70 to 2. The measure provides for the installation of a uniform, modern system of book-keeping in all State offices. It is contended that the present system is antiquated.

Two amendments to the Eaton-Thompson primary election law of 1912, and the abolishment of the fellow servant rule of law were also passed.

## HEAVY RAINS PUT CREEKS IN COUNTY ON RAMPAGE

Rain, which has fallen almost unceasingly for thirty-six hours up to noon yesterday, coupled with the decline in the temperature which melted the heavy snow which fell several days ago, has had the effect of raising all the streams of the county and until a sudden drop in the temperature yesterday which precluded the precipitation was the fear of another flood similar to the one experienced last year, dispelled.

Both Stoner and Houston creeks, running through this city, are out of their banks, and the lowlands along their course are overflowed. Both streams were at a standstill last night and unless there is another rain no further raise is expected.

Reports from Millersburg yesterday were to the effect that Hinkston Creek and all of its tributaries were out of their banks and the stream was raising at the rate of a foot an hour. The colored suburb of Shiptown was entirely cut off from the city by the overflowing water. The waters had flowed over the Maysville pike near the bridge and travel was impossible owing to the swift current. A telephone message from there last night night stated the stream was at a standstill since the rain ceased.

## EX-PARISIAN IN WRECK ON ATLANTIC COAST LINE.

Rev. William Sweeney, of Evansville, Ind., formerly of this city, had a narrow escape from injury in a wreck which occurred on the Atlantic Coast Line while returning from Eustis, Fla., last Saturday. Rev. Sweeney had been in Eustis for several weeks on a visit to Messrs. Catesby Spears and Aylette Buckner, of this city, who are spending the winter at that place, and was returning home. The train which carried a large number of passengers, struck a broken rail and thirteen of the fifteen cars were turned over. Forty-five were injured, but fortunately he escaped without a scratch and assisted in rescuing a number of the injured from perilous positions.

### NEWSPAPER OFFICE DAMAGED BY FIRE

Fire originating in the roof of the  
building occupied by the Advocate  
Publishing Company, owned by Senff  
& Hedden, in Mt. Sterling, Tuesday,  
as the paper was just ready to be  
printed, damaged the building to the  
extent of about \$500. The loss is  
covered by insurance, while the news-  
paper suffered about \$1,000 damage  
to presses, linotype, type and stock,  
mostly by water, and they were also  
protected by insurance. The upper  
story was occupied by Fred W. Basset  
as a residence and the household ef-  
fects were somewhat damaged. The  
fire was hard to fight, but was soon  
under control. The origin of the fire  
is unknown. The paper was issued  
from the offices of the Gazette and  
Sentinel-Democrat.

### MIGHT HAVE SOLD 'EM INTO MEXICO

More than a thousand revolvers and  
guns of an ancient and modern make  
were included in the cargo of the  
police steamer Patrol, on its annual  
trip three miles out from New York  
to sea, where all the weapons cap-  
tured by the police in that city during  
the year were cast overboard. The  
collection this year consisted of guns,  
jimmies, slugs, clubs and revolvers,  
and is valued at \$5,000.

### STARVE TO DEATH.

American Soldiers of Fortune Perish  
In Jungles of Peru.

William L. Page and W. M. Cromer,  
Chicago real estate men, who invaded  
the jungles of Peru in search of health  
and fortune, have starved to death, ac-  
cording to dispatches from inland Per-  
uvian towns.

The two Chicago men represented  
an American corporation, which had  
the conditional promise of a tract of  
valuable grazing land. The Ameri-  
cans insisted on penetrating a jungle  
leading to this even after the rainy  
season set in, and offered their native  
guides greater remuneration on their  
return to civilization. The Indians  
finally went forward.

In a few days the provisions were  
virtually exhausted the intense heat  
and the humidity made progress al-  
most impossible, medical supplies and  
ammunition were thrown away to  
make the burdens lighter, and finally  
the men were forced to throw away  
their tents. The Indians deserted a  
few nights later, leaving the Ameri-  
cans and an official of the Peruvian  
government to shift for themselves.

Alleging that he "suffered indigni-  
ties to his stomach," Jas. T. Fisher,  
of Pittsburg, appeared in court, seek-  
ing separation from his wife. "I got  
beans for breakfast, dinner and sup-  
per; beans on Memorial Day, Thank-  
sgiving and Christmas," he mournfully  
told the Court. "Once I thought I'd  
have a change when chicken was  
dished up—but, no; it was stuffed

### Mayo to Pay Pensions

Frankfort—John C. C. Mayo has  
consented to pay all the interest-bear-  
ing warrants, amounting to about  
\$80,000, issued for the February pay-  
ment of the Confederate pensions.  
State Treasurer Thomas Rhea mailed  
out with the pension warrants a state-  
ment as follows:

"I am pleased to inform you that  
John C. C. Mayo has announced he  
will pay the face value of your war-  
rant. Deposit the warrant in your lo-  
cal bank and instruct them it will be  
paid without discount at the Paints-  
ville National Bank, Paintsville, Ky.  
I have made this arrangement with  
Mr. Mayo because of the condition of  
the State Treasury; there being no  
money therein with which to pay the  
warrants at this time, and because  
of my determination that you should  
not be forced to take anything below  
the face value of your claim."

## A CLERGYMAN'S STORY Came Near Losing His Life—How He Escaped

The following  
letter was re-  
ceived by The  
Peruna Co. from  
Rev. G. W. Rob-  
erts, R. R. 2, Box  
27, Hartsell, Ala-  
bama, under date  
of April 2, 1904,  
which is exactly  
nine years ago.  
He says: "I take  
pleasure in in-  
forming you of  
what your Pe-  
runa has done  
for me after  
three years of  
suffering. I had  
tried the treat-  
ments of several  
doctors, also home  
remedies, but they  
failed and all hope  
had gone. My friends,  
like myself, thought  
I was in the last  
stages of consump-  
tion."

REV. G. W. ROBERTS,  
R. R. 2, Box 27,  
Hartsell, Ala.

"My daughter brought me a bottle  
of Peruna and plead with me to try  
it. I had got so weak I had lost my  
voice, and I thought it no use. That  
was in May, 1902. I began to take  
it, according to directions. I wrote  
to you, and you gave me your kind  
advice."

"I soon felt better, my cough began  
to give way, and the expectation  
lessened. I have taken fourteen bot-  
tles. I feel well, eat hearty, sleep  
soundly, weigh as much as I ever did,  
do considerable work on my farm,  
and attend to my other business.  
My friends seem astonished at my re-  
covery."

"I wish to thank you for your kind  
advice and the books you have sent  
me. I shall ever praise your medicine  
and hope that you may enjoy a long  
life."

It will be observed that Rev. Rob-  
erts waited two years after he began  
to use Peruna, before he wrote the  
above letter to The Peruna Co. So  
that his apparent recovery could not  
possibly have been temporary relief.

In a later letter to The Peruna Co.,  
dated September 22, 1906, Rev. Rob-  
erts says: "I am a great friend of  
Peruna. By the use of Dr. Hartman's  
advice I am here to-day, able to be  
with my family and attend to my  
business."

We quote from another letter, dated  
December 10, 1906: "I praise Peruna  
to all the sick. The people know  
my case, and they praise it also."

In a letter dated November 22,  
1909, we quote Rev. Roberts: "Pe-  
runa gave me back my life ten  
years ago. All my acquaintances  
know that. I am certainly thankful  
to you for your kindness."

In a later letter, dated January 13,  
1910, he says: "I shall ever in the  
future, as in the past, be ready to  
speak in praise of Peruna to all suf-  
ferers. I believe my miraculous cure  
has been the means of many others  
being cured in this county."

From a letter of September 5, 1911,  
we quote a few words: "I am still  
among the living. As to Peruna, I  
do not feel that I have words to ex-  
press the faith I have in its merits.  
I feel that Peruna has been the  
means, through the kind providence  
of God, of prolonging my life for  
more than ten years."

We quote a still later letter, October  
31, 1912. He says: "I took a severe  
cold three weeks ago. I at once sent  
for Peruna. Have been taking it two  
weeks. I am now better. I consider  
that Peruna has carried me over a  
dozen years of life. I always stand  
ready to answer any question in re-  
ference to Peruna."

We quote from his last letter, dated  
January 2, 1913: "Dear Friends: I  
wish this bright New Year to ex-  
press my thanks to you for your  
kindness. Trusting that you may  
have a successful and happy year, and  
that your medicine may prove a  
blessing to many as it has to me, I  
am yours as ever, G. W. Roberts,  
Hartsell, Alabama, R. F. D. 2, Box  
27."

It is not necessary for us to add  
any words to this story. The elo-  
quence and pathos of these letters  
are more convincing than arguments  
or affidavits. Who can doubt the  
clergyman's story? Who can doubt  
that Peruna saved his life?

## THEATRICAL.

Vogel's Minstrels.

Minstrelsy has been, and promises to continue to be, the favorite form of amusement for four-fifths of the theatre-going public—and well it should be—for no manner or a performance can include such a variety of material necessary for the edification of the multitudes; besides it is the cleanest and best of all amusements.

At the appointed hour the curtain rises, and from that moment until the finale you have fun without a blush, songs of sentiment by the world's greatest vocalists; humor without a taint. The songs have been sung; jokes have been told. The sentiment of the balladist may have caused you to be possessed of a feeling of intoxication; the festive wit of the comedians has amused you; the charming acts of the first part in its entirety has possibly astonished you; yet the glamor, frolic and fun rolls on without a hindrance.

There's no tiresome overture, but, on the contrary, the various novel feats gathered from all quarters of the globe commence, and ere the finish has been reached, you have, with your brother auditors, proclaimed minstrelsy the king of amusements. This organization will appear at the Paris Grand on Wednesday, Feb. 25.

The scenery and stage settings used in John W. Vogel's Big City Minstrels which comes to the Paris Grand on Wednesday, Feb. 25, is said to be the most elaborate and expensive ever used for a similar purpose; the setting is called "The Radium Palace," a befitting title, because of the appropriate costumes, and the numerous and powerful calcium and electrical effects used thereon. This is the only setting of the kind in use by a minstrel organization as the cost of same prohibits the average manager from investing the amount of capital required.

"The Firefly."

"The Firefly," which made its first local appearance at the Atlanta Theatre last night in the presence of a season-record audience, is a cracker-jack musical comedy.

"And, by the same token, Edith Thayer is the most bewitching little prima donna who has been seen in these parts in many a long day. 'Little' does not express Miss Thayer's plans and specifications. She is so tiny that she seems to have stepped out of Lilliputland, and the other women in the company appear abnormally large by comparison. Withal, she is perfectly proportioned, and is as dainty as an elf fresh from untracked forests. When she sings—and she sings delightfully—one marvels at the thought that such a volume of melody can issue from so small a body—wonders just as one is amazed at the liquid notes that pour from the throats of a canary bird. Her acting is easily on a par with her voice. She is a comedienne of rare ability, and possesses the dramatic instincts in a degree seldom seen in musical comedy stars.

"Those of you who have been good enough to read my 'stuff' during the past several years, doubtless are aware that I am not in the habit of going into hysterics over musical comedy companies that come to Atlanta with No. 2 companies. For this honest failure to see merit where others found it, I have been called out of my name no little. It was a difference of opinion, that's all; and if there were no differences of opinion in this world it would be a mighty sorry old place."—[Sidney Ormond, in The Atlanta Constitution, Nov. 18.]

## 10 CENT "CASCARETS" IS YOUR LAXATIVE

Best Liver and Bowel Cleanser and Stomach Regulator Known

Get a ten-cent box. Put aside—just once—the salts, pills, castor oil or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from the druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

## THE PROHIBITION MOVEMENT BIGGER THAN THE LIQUOR QUESTION

JUDGE CULLEN'S WARNING.

Edward Montgomery Cullen, until recently Chief Judge of the New York Court of Appeals, delivered the annual address for 1914 to the Bar Association of that State. His subject was "The Decline of Personal Liberty in America." The utterance of so eminent a man is the sort of warning which deserves the attention of thinking citizens.

The Prohibition movement is bigger than the liquor question, and the people must be made to realize that the entering wedge of the liquor question demoralizes public thought on all aspects of the rights of men.

When a man so eminent as the venerable Edgar Montgomery Cullen, until recently Chief Justice of the New York Court of Appeals, asserts that personal liberty in this country is in danger, there is at least an invitation to reflection.

Personal liberty is not menaced in this country by conquerors or kings. It is assailed by misguided sections of the people having faith in the omnipotence of the law, by timid legislators and by courts that yield to clamor or influence.

In West Virginia, martial law in time of peace; in the State of Washington, martial law proclaimed by a girl stenographer; in various States, laws intended to deprive the press of liberty hitherto recognized almost universally; in Minnesota, an attempt to say who shall engage in the business of barbering; in Wisconsin, a law of "eugenics," calculated to restrict the right of honorable marriage; in dozens of States, licenses, fees and regulations to make difficult the pursuit of certain occupations; in

many places, so-called public-health laws that are nothing else than discriminations against certain people in behalf of others more powerful; in States and nations, taxes, like that on oleomargarine, designed to help competitors; everywhere in this country, restrictions upon advertising bankrupt sales; monopolistic laws for physicians and nurses; excessive punishments; the denials of the mails; the long ballot and the short ballot, intended to defeat the voter's purpose; prohibition; anti-tobacco, and what not—these, all typical of many others, are only a few of the invasions of personal liberty which are in all places notorious.

Judge Cullen speaks by authority. He has been a judge in this State for more than a third of a century. In his honorable retirement he warns his fellow-citizens that their personal liberties are in danger, and, distinguished as his career has been he never performed a greater public service. —Editorial column, N. Y. World, January 31, 1914. (Adv)

Harrodsburg—The small pox scare resulted in an order by the Board of Health for general vaccination, although though there has not been a case in this county. All unable to pay for this job were directed to appear at the City Hall and as a result

127 colored men, women and children appeared and toed the mark, bared the job. The city is to foot the bills when the business is finished.

Post Offered Mrs. Stewart

Frankfort—The State Prison Commissioners have decided to offer the vacant post of assistant superintendent of the School of Reform to Mrs. Cora Wilson Stewart, who, as School Superintendent of Rowan county, made herself famous by the establishment of the so-called "moonlight schools" for illiterate adults. Mrs. Stewart's term as School Superintendent has expired, and Chairman Daniel E. O'Sullivan, of the Prison Commission, has invited Mrs. Stewart to come to Frankfort and talk over the ap-

pointment and the opportunities the work would afford. She would be in charge of the educational and disciplinary departments of the institution.

## BIBLE CLASSES BANQUET AT THE CHRISTIAN CHURCH.

One of the most brilliant affairs of the season was the joint banquet given Tuesday evening in the parlors of the Christian church by the members of the two adult Bible classes of the church. Covers were laid for one hundred and thirty-seven, and there were only a few vacant places around the festive board.

Prof. T. A. Hendricks, teacher of the men's class, acted as toastmaster, and was very clever in his remarks as he introduced the various speakers, who responded to the toasts. The speakers sparkled with wit and were entertaining in the highest degree. The musical numbers were beautiful and elicited much applause. Miss Clara Belle O'Neal presided at the piano. One of the most enjoyable features of the evening was the recitation of Miss Patsy Clark, entitled "A Princess," and was given by Miss Clark in a very graceful manner. The program follows:

Piano Selection—Miss O'Neal.  
"The Women's Class"—Rev. J. T. Sharrard.  
Selection—Quartette.  
Reading—Miss Patsy Clark.  
"Things in General"—Dr. T. B. McCartney.  
"Rosalie"—Miss Elizabeth Hinton.  
"Nihil"—Mrs. J. Walter Payne.  
Solo—A. H. Boatright.  
"Saints and Sinners"—Rev. W. E. Ellis.

"Calm as the Night"—Miss Elizabeth Hinton and A. L. Boatright.  
"There's a Reason"—W. O. Hinton.  
Selection—Quartette.  
An elaborate menu, consisting of cream de volles, fruit salad, pickle, cheese, sandwiches, ginger ices, hot rolls and coffee was served.

Seated at the circular table, which was arranged in the wide doorway between the parlors, were Prof. and Mrs. T. A. Hendricks, Rev. and Mrs. W. E. Ellis, Rev. and Mrs. J. T. Sharrard, Dr. T. B. McCartney, of Lexington, Mrs. Andrews, of Flemingsburg, Mrs. J. Walter Payne, Dr. Martha Petree, W. O. Hinton and P. J. McCord, the latter pronouncing the invocation as soon as all were assembled around the tables.

The reception committee was composed of Miss Etha Vanarsdale, former teacher of the women's classes; Mrs. J. S. Sweeney, Mrs. Hendricks and Dr. Petree. These two classes are increasing in interest and membership, and are a wonderful factor for good, both in the school and in the church.

His illness is said to be the result of being forced to stand out in the cold on the college campus, clothed only in his nightgown and wearing a pair of bedroom slippers. The condition of the boy is due to a hazing prank. Prof. J. V. Chapman, of Franklin, father of the boy, declares that whatever the outcome of his son's condition he will take some action directed at wiping out hazing at the State institution.

—There is a difference of only \$50,000 between the price of McKinney, the Cleveland, O., millionaire turfman, and Beasley Bros., owners of McGrathana Farm, in Fayette county. McKinney offered \$150,000, but the Beasleys are obdurate at \$200,000. The place contains 416 acres, and is one of the most famous thoroughbred horse plants in America. The place cards were decorated with cherries and hats, and contained verses appropriate to Washington's birthday. The flower-holders were cherry tree stumps and the favors or souvenirs were candy boxes representing hats, foil torts, cherry trees, hatchets, flags, pistols and George Washington statuettes. GIVE NATURE A CHANCE.

Health Officer Lancis said in an interview the other day: "Prolonged exposure to an overheated, polluted atmosphere is the main cause of pneumonia."

That there is more illness in this climate in Winter than in Summer is not because cold air is less wholesome than warm. It is because, in trying to escape from the cold, we overheat our homes, offices and places of public meeting, and are too successful in keeping out the fresh air. No other highly civilized nation keeps its dwellings as hot in winter as we do—and it is probably on this account that no other people are quite as subject to colds, sore throats and similar illness as we.

It will be a happy day for the United States when the average American gets it into his head that while fresh air does not hurt anybody a polluted atmosphere has killed more people than the high-powered rifle.

It takes a great man to build an empire or a railroad or a interoceanic canal. But it takes a greater man to keep the lid on his grouch when he gets up in the morning with a sea lion in his mouth and finds that his wife is trying to crowd an entire Chautauque lecture course into the one hour before he has a chance to beat it.

## ASKS HEAVY DAMAGES

Because She Was Induced to Leave Her Husband.

Allegations that William H. Barnard induced her to leave her husband, William W. Wood, of Philadelphia, by promise to secure a divorce and marry her, if her husband divorced her, and by promise to pay her \$20,000 in cash and \$100 a week for the rest of her life, are made by Mrs. Gertrude A. Wood, of Philadelphia, in a suit for \$25,000 damages which she filed in New York a few days ago against Barnard.

Mrs. Wood alleges that her husband obtained a divorce decree but that Barnard failed to fulfill his alleged agreement.

Mrs. Wood swears that she repulsed Barnard's alleged advances at first, and told him to never again enter her home, but that he renewed his attention and told her that her husband was too friendly with other women, although Mrs. Wood avers, she knew this to be false. She says Barnard induced her to leave her husband and come to New York.

Wood then began a suit for divorce. Mrs. Wood says she told Barnard that she intended to testify that she was blameless in so far as her forced relations with him were concerned. She asserts that Barnard told her he could not testify in her behalf, as his wife and daughter were with him.

Then, Mrs. Wood avers, Barnard made her the financial offer and, believing her unsupported defense would be useless, she did not defend the divorce suit, and Wood won the decree.

"Oh, we didn't know that! Be right down!" Vitale Pararelli sleepily told about half the people in the Oakland section, near Pittsburg, Pa., when they waked him to tell him that his home had been partially wrecked by a Black Hand bomb.

When a woman has a red nose she gets a lot of consolation out of the fact that has dimples in her elbows.

The reason why a woman considers it vulgar to wear diamonds is because she hasn't any to wear.

It is a pathetic mistake to accept drugs or alcoholic mixtures when nature craves nourishment to repair the wasted body and restore the vigor of health.

For forty years the best physicians have relied on the wholesome predigested nourishment in Scott's Emulsion which is totally free from alcohol or opiates.

Scott's Emulsion sharpens the appetite—renews blood—nourishes nerves—strengthens bones and restores the courage of health to make life bright.

Scott's Emulsion sets in action the very forces that promote health; it is pure, rich strength. 13-80

## SEE IF THE CHILD'S TONGUE IS COATED

If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't act or eat naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of the counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt. (adv)

When a man is afraid to think for himself it's time the wedding bells were ringing.

You can't blame most of the suffragist leaders for wanting to vote. They may be females, but they can beat any male of voting age when it comes to a mustache.

### Returns After Long Absence

Carlisle—Unable to locate their son George Deatley, for several months, Mr. and Mrs. Lee Deatley, of this city, were greatly surprised when he returned home. He had been in and around Spokane, Wash., for some time, but recently they attempted to locate him there and failed. Young Deatley says his apparent disappearance was the result of a serious accident which overtook him; that he was thrown from a horse and his body so badly mangled that the surgeons thought he would die, and that he remained in the hospital under another name for about four months, finally recovering.

### Nicholas Man May Be Heir

Carlisle—George F. Broderick, of Nicholas county, states that he has just received a letter from a New York detective, inquiring about his brother, who left here some thirty years ago, and has never since been heard from, and stating that if a man who died some time ago in Hartford, Conn., leaving a vast estate, and no known heirs there, can be shown to be his brother, he can be put in possession of the estate. Ever since the death of the man in Hartford, Conn., who it is thought lived under an assumed name, became known to Mr. Broderick, he has believed from the description given of him, that he was his long lost brother, and he has been taking steps to prove his relationship.

### Has 350 Descendants

Manchester—Sallie Marcum, a widow, living on the Red Bird River, in Clay county, Kentucky, about twenty miles from Manchester, has the largest number of descendants of any person known in this country. Mrs. Marcum is eighty-seven years old and in very good health, considering her age. Her husband, Hiram Marcum, has been dead some time and at one time owned thousands of acres of the Kentucky virgin forest land, upon which most of the Marcum heirs live at the present time in this country. Mrs. Marcum has ten living children and four dead; ninety-three grandchildren living and nineteen dead; 233 great-grandchildren living and seven dead; nine great-great-grandchildren living and two dead. This makes a total of 352 descendants, 350 of whom are living, most of all of them in Clay county, Kentucky.

### Declares for Eugenic Marriage

Lexington—The Rev. Robert K. Massie, dean of Christ Church Cathedral, announced to his congregation after the services Sunday morning that Easter Sunday of this year he would refuse to solemnize any marriage in which the prospective bridegroom did not furnish a certificate from the young woman's family physician, or some other reputable physician, testifying as to his freedom from any communicable disease. When asked concerning the matter Dean Massie said that the general law of his church leaves it in the discretion of a minister to decline to solemnize any marriage.

### GIVE THAT PUNY CHILD THIS GUARANTEED REMEDY

If your child is under-weight, listless, liable to get sick easily it needs a medicine to build its weight and strength. For this purpose there is nothing else that we know of that we can recommend so strongly as endorser as Rexall Olive Oil Emulsion. The remarkable success of this splendid medicine is due to the fact that it contains ingredients that tone the nerves, enrich the blood and furnish to the entire system the strength, weight and health-building substances it needs. And, it does all this without injuring the stomach. In fact, Rexall Olive Oil Emulsion is not only pleasant to take, but even the most sensitive stomach is benefited by it, and the digestion improved. On the other hand, it contains no alcohol or habit-forming drugs, which most parents object to giving their children. It does its good work by taking hold of the weakness and builds the body up to its natural strength, at the same time making it strong to resist disease.

If Rexall Olive Oil Emulsion doesn't build your child up, feed the stunted, puny, muscles, and make the little one lively, strong, well, and full of the animal spirits children are meant by nature to have, come back and tell us and get your money back. We don't want you to lose a cent. We think this is no more than fair, and it leaves you no cause to hesitate. For old people, also—for convalescents—for all who are nervous, tired-out, run-down, no matter what the cause—we offer Rexall Olive Oil Emulsion with the same guarantee of entire satisfaction or money back. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00.—G. S. Varden & Co., Paris, Ky. (adv)

## WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache."

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

### Women Have Been Telling Women

If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

### SICK, SOUR STOMACH, INDIGESTION OR GAS

"Pape's Diapiesin" Makes Upset Stomachs Feel Fine in Five Minutes

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin, and in five minutes you will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary (adv)

## PAUL J. RAINEY'S GREAT AFRICAN HUNT PICTURES

On Friday night, Feb. 27, the Paul J. Rainey Pictures, which are said to be the most wonderful moving pictures ever made, and which are acknowledged by many to be greater and more interesting than Lyman J. Howe's pictures, will be shown at the Grand Opera House, in this city, for one night only. These pictures were taken right in the jungles of Africa by Paul Rainey, chief photographer, and here you will see the most savage and ferocious of beasts, the lion, the tiger, the leopard, the hyena, and all other kinds of animals at the water hole. This view is said to be the most hazardous risk ever attempted by the moving picture man in order to take this particular scene. The fact that one of the Paul J. Rainey party will lecture with these pictures, explaining each scene and every detail, will make it worth while for every man, woman and child who can attend this performance to view these pictures Friday night. Mr. Rainey's party carry their own machine and curtain, as well as the lecturer, who traveled with the Rainey party in Africa while taking these pictures. Come early and get a good seat, as these pictures are the most wonderful in the world. One performance, at 8:15.

## INTERURBAN CAR KILLS FOUR CATTLE AND INJURES ONE

The interurban car due in this city at six o'clock Tuesday evening ran into a bunch of cattle about three and one-half miles from Paris, in front of the residence of Mr. S. S. Ardery. Four of the number were killed and one was crippled.

The cattle had been sold to Hugh Ferguson by Jonas Well, of Lexington, and were being driven to the Ferguson farm on the Greenwich pike. One of the animals got under the car and was dragged a considerable distance along the track before the car could be brought to a stop. A colored driver narrowly escaped death when he tried to save the cattle. The car was only slightly damaged, and was able to proceed to Paris after a short delay.

## How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an alum baking powder.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.
